

Illustrator

Job description

- Ability to collaborate with account managers, content writers and animators to create detailed storyboards, layouts, typographies, visuals, characters and various other illustrations in Adobe Illustrator and provide layered compositions ready to be animated in After Effects.
- Must be excellent at communicating ideas with writers and animators and keep up with the latest trend in the industry.
- Minimum 2 years of experience in the relevant field preferred.
- Editing and After Effects skills would be an added advantage.
